Proeflokaal de Molen

De Gooyer windmill has existed for over four centuries. We've been brewing our beers here since 1985. Formerly, this served as a bathhouse. Steam engines, tiles and several water pipes came in handy in our brewery as well. Some of the old soap baskets still remain in the back of the brewery.

Want to have a peek? On Fridays, Saturdays and Sundays we offer a free tour around our brewery. Then we'll tell you every detail about the bathhouse, the brewery and our beers. Scan the QR code for more information.

Kopstoot

Kopstootje 10.50
A true Dutch classic: a shot of jenever paired with our homemade Blauwe Theehuis Lager. The name kopstootje literally means “little headbutt,” a playful reference to the way the shot and beer are traditionally enjoyed together. Take a sip of jenever, follow it with a refreshing gulp of lager, and enjoy this beloved Dutch ritual. Give it a try and discover the traditional Dutch way of drinking!
